

The office of the **Tax Assessor/Collector** will be closed to the public until, at least, May 18, 2020 when the Governor of Texas gives his next update.

This office feels that the accommodations we are making for our customers has allowed our office to continue day to day operations without interruption.

All business transacted with this office will continue through the drive up location. We are working hard to make sure the safety of our customers and employees is top priority.

Thank you for your patience and understanding while we all endure these troubling times.
